Synopsis of the RFP

RFP No.	REQ-JAK-18-0031-Readvertise
Issue Date	June 8, 2018
Title	Service Provider for PDAM Energy Efficiency Audits (in Sidoarjo, Sukoharjo, Ternate)
Issuing Office & Email/Physical Address for Submission of Proposals	USAID – IUWASH PLUS Jakarta Office Mayapada Tower 1 Building, 10th Floor, Jl. Jend. Sudirman Kav. 28, Jakarta 12920; Email : IUWASH_Plus_Procurement@dai.com
Bidders' Conference	June 12th, 2018 on 10.00 am at IUWASH Jakarta Office, Mayapada Tower 1 Building, 10th Floor, Jln. Jend. Sudirman Kav. 28, Jakarta 12920. Phone : 021-522 0540 Bidders conference confirmation : June 11th, 2018 at the latest 16.00 WIB (04.00 pm).
Deadline for Receipt of Questions	June 20th, 2018 at 16.00 p.m.
Deadline for Receipt of Proposals	June 22nd, 2018 (at the latest 17.00 p.m)
Point of Contact	IUWASH_Plus_Procurement@dai.com
Anticipated Award Type	a Firm Fixed Price Purchase Order Issuance of this RFP in no way obligates DAI to award a subcontract or purchase order and Bidders will not be reimbursed for any costs associated with the preparation of their quote.
Basis for Award	An award will be made based on the Trade Off Method. The award will be issued to the responsible and reasonable offeror who provides the best value to DAI and its client using a combination of technical and cost/price factors.

Interested Offerors may obtain a full copy of the RFP which contains detailed instructions for preparation of the proposal. The RFP may be collected from the address and/or contact person above.

1. Introduction and Purpose

1.1 Purpose

DAI, the implementer of the “The USAID Indonesia Urban Water, Sanitation and Hygiene 'Penyehatan Lingkungan Untuk Semua' (IUWASH PLUS) program invites qualified offerors to submit proposals to supply and deliver “**Service Provider to Energy Efficiency Audit At PDAMs Year 2018**” in support of program implementation.

1.2 Issuing Office

The Issuing Office and Contact Person noted in the above synopsis is the sole point of contact at DAI for purposes of this RFP. Any prospective offeror who fails to register their interest with this office assumes complete responsibility in the event that they do not receive direct communications (amendments, answers to questions, etc.) prior to the closing date.

1.3 Type of Award Anticipated

DAI anticipates awarding a **Fixed Price Purchase Order**. This subcontract type is subject to change during the course of negotiations.

2. General Instructions to Offerors

2.1 General Instructions

“Offeror”, “Subcontractor”, and/or “Bidder” means an individual proposing the work under this RFP. “Offer” and/or “Proposal” means the package of documents the individual submits to propose the work.

Offerors wishing to respond to this RFP must submit proposals, in English, in accordance with the following instructions. Offerors are required to review all instructions and specifications contained in this RFP. Failure to do so will be at the Offeror’s risk. If the solicitation is amended, then all terms and conditions not modified in the amendment shall remain unchanged.

Issuance of this RFP in no way obligates DAI to award a subcontract or purchase order. Offerors will not be reimbursed for any costs associated with the preparation or submission of their proposal. DAI shall in no case be responsible for liable for these costs.

Proposals are due no later than **June 22th, 2018**, to be submitted to IUWASH_Plus_Procurement@dai.com for softcopy by stated the RFP Number and Title of the Activity in the subject line. Late offers will be rejected except under extraordinary circumstances at DAI’s discretion. All proposals submitted in hardcopy shall be sealed and labeled with the RFP Number.

The submission to DAI of a proposal in response to this RFP will constitute an offer and indicates the Offeror’s agreement to the terms and conditions in this RFP and any attachments hereto. DAI reserves the right not to evaluate a non responsive or incomplete proposal.

2.2 Proposal Cover Letter

A cover letter shall be included with the proposal on the Offeror’s company letterhead with a duly authorized signature and company stamp/seal using Attachment B as a template for the format. The cover letter shall include the following items:

- The Offeror will certify a validity period of 60 days for the prices provided.
- Acknowledge the solicitation amendments received.

2.3 Questions regarding the RFP

Each Offeror is responsible for reading and complying with the terms and conditions of this RFP. Requests for clarification or additional information must be submitted in writing via email or in writing

to the Issuing Office as specified in the Synopsis above. No questions will be answered by phone. Any verbal information received from a DAI or IUWASH PLUS employee or other entity shall not be considered as an official response to any question regarding this RFP.

Copies of questions and responses will be distributed in writing to all prospective bidders who are on record as having received this RFP after the submission date specified in the Synopsis above.

3. Instructions for the Preparation of Technical Proposals

Technical proposals shall be sealed in a separate envelope from cost/price proposals, and shall be clearly labeled as “VOLUME I: TECHNICAL PROPOSAL”.

Technical proposals shall include the following contents

1. Technical Approach - Description of the proposed services which meets or exceeds the stated technical specifications or scope of work. The proposal must show how the Offeror plans to complete the work and describe an approach that demonstrates the achievement of timely and acceptable performance of the work.
2. Management approach – Description of the Offeror’s staff assigned to the project. The proposal should describe how the proposed team members have the necessary experience and capabilities to carry out the Technical Approach.
3. Past Performance –Provide a list of at least three (3) recent awards of similar scope and duration. The information shall be supplied as a table, and shall include the legal name and address of the organization for which services were performed, a description of work performed, the duration of the work and the value of the contract, description of any problems encountered and how it was resolved, and a current contact phone number of a responsible and knowledgeable representative of the organization. See Attachment F.

3.1 Services Specified

For this RFP, DAI is in need of the services described in Attachment A.

3.2 Technical Evaluation Criteria

Each proposal will be evaluated and scored against the evaluation criteria and evaluation sub-criteria, which are stated in the table below. Cost/Price proposals are not assigned points, but for overall evaluation purposes of this RFP, technical evaluation factors other than cost/price, when combined, are considered.

Evaluation Criteria	Evaluation Sub-criteria (if needed)	Maximum Points
Qualification		20 points
Experience		40 points
Methodology		40 points
Total Points		100 points

4. Instructions for the Preparation of Cost/Price Proposals

4.1 Cost/Price Proposals

Cost/Price proposals shall be sealed in a separate envelope from technical proposals, and shall be clearly labeled as “VOLUME II: COST/PRICE PROPOSAL”.

Provided in Attachment C is a template for the Price Schedule, for firm-fixed price awards. For cost-reimbursable or time & material awards, the offeror shall provide a fully detailed budget. Offerors shall complete the template including as much detailed information as possible.

These services are not eligible for VAT exemption under the DAI prime contract. The Subcontractor is responsible for all applicable taxes and fees, as prescribed under the applicable laws for income, compensation, permits, licenses, and other taxes and fees due as required.

5. Basis of Award

5.1 Best Value Determination

DAI will review all proposals, and make an award based on the technical and cost evaluation criteria stated above, and select the offeror whose proposal provides the best value to DAI. DAI may also exclude an offer from consideration if it determines that an Offeror is "not responsible", i.e., that it does not have the management and financial capabilities required to perform the work required.

Evaluation points will not be awarded for cost. Cost will primarily be evaluated for realism and reasonableness. DAI may award to a higher priced offeror if a determination is made that the higher technical evaluation of that offeror merits the additional cost/price.

DAI may award to an Offeror without discussions. Therefore the initial offer **must contain the Offeror's best price and technical terms.**

5.2 Responsibility Determination

DAI will not enter into any type of agreement with an Offeror prior to ensuring the Offeror's responsibility. When assessing an Offeror's responsibility, the following factors are taken into consideration:

1. Provide evidence of the required business licenses to operate in the host country.
2. Evidence of a DUNS number (explained below and instructions contained in Attachment D).
3. The source, origin and nationality of the products or services are not from a Prohibited Country (explained below).
4. Having adequate financial resources to finance and perform the work or deliver goods or the ability to obtain financial resources without receiving advance funds from DAI.
5. Ability to comply with required or proposed delivery or performance schedules.
6. Have a satisfactory past performance record.
7. Have a satisfactory record of integrity and business ethics.
8. Have the necessary organization, experience, accounting and operational controls and technical skills.
9. Have the necessary production, construction and technical equipment and facilities if applicable.
10. Be qualified and eligible to perform work under applicable laws and regulations.

6. Anticipated post-award Deliverables

Upon award of a subcontract, the deliverables and deadlines detailed in below table will be submitted to DAI. The Offeror should detail proposed costs per deliverable in the Price Schedule. All of the deliverables must be submitted to and approved by DAI before payment will be processed.

DELIVERABLES / PAYMENT SCHEDULE

Task	Deliverables	Timing	Payment
1. Deliverable I – Workplan	Process, methodology, and plan schedule and annig schedule	First Week	20%
2. Deliverable II – Initial Report	Existing pump systems, secondary data collected, initial field measurement result, job training conducted, initial data analysis include existing energy efficiency, potential energy saving, indication of improvement efficiency energy and reducing energy cost	End of second month	30%
3. Deliverable III – Draft Final Report	Completed secondary data collected and secondary field measurement result, calculation of existing energy efficiency, potential energy saving, recommendation for proposal of pump improvement, budget and cost benefit analysis.	End of fourth month	30%
4. Deliverable 4 – Final Report, Template Report	Improvement of Draft Final Report based on discussion and input from PDAM	End of five month	20%

7. Inspection & Acceptance

The designated DAI Project Manager will inspect from time to time the services being performed to determine whether the activities are being performed in a satisfactory manner, and that all equipment or supplies are of acceptable quality and standards. The subcontractor shall be responsible for any countermeasures or corrective action, within the scope of this RFP, which may be required by the DAI Chief of Party as a result of such inspection.

8. Compliance with Terms and Conditions

8.1 General Terms and Conditions

Offerors agree to comply with the general terms and conditions for an award resulting from this RFP. The selected Offeror shall comply with all Representations and Certifications of Compliance listed in Attachment G.

8.2 Source and Nationality

Under the authorized geographic code for its contract DAI may only procure goods and services from the following countries.

Geographic Code 937: Goods and services from the United States, the cooperating country, and "Developing Countries" other than "Advanced Developing Countries: excluding prohibited countries. A list of the "Developing Countries" as well as "Advanced Developing Countries" can be found at:

<http://www.usaid.gov/policy/ads/300/310maa.pdf> and

<http://www.usaid.gov/policy/ads/300/310mab.pdf> respectively.

Geographic Code 935: Goods and services from any area or country including the cooperating country, but excluding Prohibited Countries.

Geographic Code 110: Goods and services from the United States, the independent states of the former Soviet Union, or a developing country, but excluding Prohibited Countries.

DAI must verify the source and nationality of goods and services and ensure (to the fullest extent possible) that DAI does not procure any goods or services from prohibited countries listed by the Office of Foreign Assets Control (OFAC) as sanctioned countries. OFAC sanctioned countries may be searched within the System for Award Management (SAM) at www.SAM.gov. The current list of countries under comprehensive sanctions include: Cuba, Iran, North Korea, Sudan, and Syria. Goods may not transit through or be assembled in comprehensive sanctioned origin or nationality countries nor can the vendor be owned or controlled by a prohibited country. DAI is prohibited from facilitating any transaction by a third party if that transaction would be prohibited if performed by DAI.

By submitting a proposal in response to this RFP, Offerors confirm that they are not violating the Source and Nationality requirements of the goods or services being offered and that the goods and services comply with the Geographic Code and the exclusions for prohibited countries outlined above.

8.3 Data Universal Numbering System (DUNS)

There is a **mandatory** requirement for your organization to provide a DUNS number to DAI. The Data Universal Numbering System is a system developed and regulated by Dun & Bradstreet (D&B) that assigns a unique numeric identifier, referred to as a "DUNS number" to a single business entity. Without a DUNS number, DAI cannot deem an Offeror "responsible" to conduct business with and therefore, DAI will not enter into a subcontract/purchase order or monetary agreement with any organization. The determination of a successful offeror/applicant resulting from this RFP/RFQ/RFA is contingent upon the winner providing a DUNS number to DAI. Offerors who fail to provide a DUNS number will not receive an award and DAI will select an alternate Offeror.

All U.S. and foreign organizations which receive first-tier subcontracts/ purchase orders with a value of \$25,000 and above **are required** to obtain a DUNS number prior to signing of the agreement.

Organizations are exempt from this requirement if the gross income received from all sources in the previous tax year was under \$300,000. DAI requires that Offerors sign the self-certification statement if the Offeror claims exemption for this reason.

For those required to obtain a DUNS number, see Attachment D - Instructions for Obtaining a DUNS Number - DAI'S Vendors, Subcontractors

For those not required to obtain a DUNS number, see Attachment E: Self Certification for Exemption from DUNS Requirement

9. Procurement Ethics

Neither payment nor preference shall be made by either the Offeror, or by any DAI staff, in an attempt to affect the results of the award. DAI treats all reports of possible fraud/abuse very seriously. Acts of fraud or corruption will not be tolerated, and DAI employees and/or subcontractors/grantees/vendors who engage in such activities will face serious consequences. Any such practice constitutes an unethical, illegal, and corrupt practice and either the Offeror or the DAI staff may report violations to the Toll-Free Ethics and Compliance Anonymous Hotline at +1 855-603-6987, via the DAI website, or via email to FPI_hotline@dai.com. DAI ensures anonymity and an unbiased, serious review and treatment of the information provided. Such practice may result in the cancellation of the procurement and disqualification of the Offeror's participation in this, and future, procurements. Violators will be reported to USAID, and as a result, may be reported to the U.S. Department of Justice to be included in a Restricted Parties list, preventing them from participating in future U.S. Government business.

Offerors must provide full, accurate and complete information in response to this solicitation. The penalty for materially false responses is prescribed in Section 1001 of Title 18 of the United States Code.

In addition, DAI takes the payment of USAID funds to pay Terrorists, or groups supporting Terrorists, or other parties in exchange for protection very seriously. Should the Terrorist, groups or other parties attempt to extort/demand payment from your organization you are asked to immediately report the incident to DAI's Ethics and Compliance Anonymous Hotline at the contacts described in this clause.

By submitting an offeror, offerors certify that they have not/will not attempt to bribe or make any payments to DAI employees in return for preference, nor have any payments with Terrorists, or groups supporting Terrorists, been attempted.

10.1 Attachment A: Scope of Work for Services or Technical Specifications

Scope of Work

Service Provider to Energy Efficiency Audit At PDAMs Year 2018

1. Background

The USAID Indonesia Urban Water, Sanitation and Hygiene, *Penyehatan Lingkungan Untuk Semua* (IUWASH PLUS) program is a five-year initiative designed to assist the Government of Indonesia (GOI) in increasing access to water supply and sanitation services as well as improving key hygiene behaviors among urban poor and vulnerable populations. USAID IUWASH PLUS works with governmental agencies, the private sector, NGOs, communities and others to achieve the following "high level" results:

1. An increase of one million people in urban areas with access to improved water supply service quality, of which at least 500,000 are from the poorest 40% of the population (also referred to as the "Bottom 40%" or "B40"), vulnerable groups or Indonesia's eastern provinces; and
2. An increase of 500,000 people in urban areas with access to safely managed sanitation.

To ensure that improvements in access to WASH services are sustained, USAID IUWASH PLUS is guided by a development hypothesis that focuses on strengthening service delivery systems, so they can more effectively reach the poorest and most vulnerable segments of the population. In order to achieve this at scale, the program undertakes activities through four interrelated components, including: 1) improving household WASH services; 2) strengthening city WASH institutional performance; 3) strengthening the WASH financing environment; and 4) advancing national WASH advocacy, coordination and communication. In support of these components, USAID IUWASH PLUS also implements a Local Sustainability and Innovation Component (LSIC) that is designed to stimulate WASH innovations that strengthen community, private sector and government WASH service provision.

2. Activity Summary

One of the major issues facing by PDAM in Indonesia is the high of electricity/energy cost to operate water supply system. These conditions cause drinking water production/distribution that impacted to increase water tariff or to decrease financial performance of PDAM.

Due to the electricity tariff increase regularly, currently the energy efficiency is more important for PDAM management especially for PDAMs use pumps, either raw water pump or distribution, that consume much electricity energy.

There is some challenging for PDAM to decrease energy cost, such as:

- PDAM management not really aware and or know whether the energy consumption is already efficient or not.
- PDAM management not yet know how and who should conduct energy efficiency audit at water supply system of PDAM
- The limitation of funding or not yet understand how to get financing alternative for energy efficiency

IUWASH PLUS support PDAM to reduce energy consumption:

- Conduct energy efficiency audit, include proposed technical recommendation to improve energy efficiency and evaluation of the financial cost and benefits of proposed improvement. Actually efficiency energy audit has been conducting since ESP-USAID program and it showed that the audit really guide PDAM to improve efficiency energy.

- Improve skill and capacity of PDAM management and operational staff to conduct energy audits and reduce energy cost.

3. Objectives

The Objectives of the activities are :

- To identify the potential for energy saving and possibility improvement to reduce energy cost, include to evaluate the financial cost benefit analysis on proposed improvement, at 3 PDAMs.
- To improve the skill and capacity of PDAM operation staffs and manager to conduct energy audit and to reduce energy cost. PDAM staffs who followed the training could know and understand the process of the energy efficiency audit and able to conduct field energy audit measurement.
- To prepare template and flow chart of Energy Efficiency Audit include the table required to data compilation and calculate energy efficiency

4. Main Task

The main tasks of Energy Audit of service provider that will be recruited under a Fixed Price Purchase Order are as follows:

- a. Data collection & initial field measurement.
 - Collect secondary related datas such as energy consumption, energy cost, location, number, specification and installation condition of pumps.
 - Initial field measurement, include field preparation for enabling in measuring flowrate, pressure, ampere etc of pumps/motors.
 - Conduct on the job training during field measurement,
- b. Prepare initial audit report, consist of :
 - Data analysis
 - Provide existing energy efficiency
 - Initial identification of the potential energy saving
 - Recommendation for improvement of pump and pipe installation/layout (if any)
 - Propose initial improvement to reduce energy cost
 - Prepare initial financial cost benefit analysis on proposed improvement (both through internal financing and or possibly financed by third party) for each PDAM
- c. Present Initial Audit Report and continued audit
 - Present and discuss the initial audit report with PDAM management & related staffs
 - Continue data collection and field measurement (if necessary)
 - Continue on the job training
- d. Prepare draft final report of each PDAM and present to respective PDAM
 - Prepare template and flow chart of Energy Efficiency Audit include the table required to data compilation and calculate energy efficiency

e. Other

All audit equipments required to conduct energy efficiency audit, such as movable/portable flowmeter, manometer, power meter, stroboscope etc has to be provided by the bidder. The equipments have to be complied with the condition in the field.

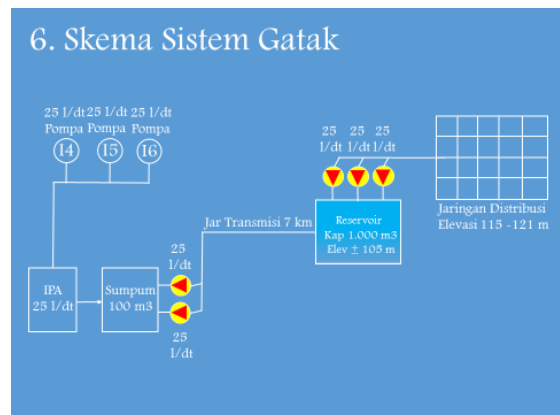

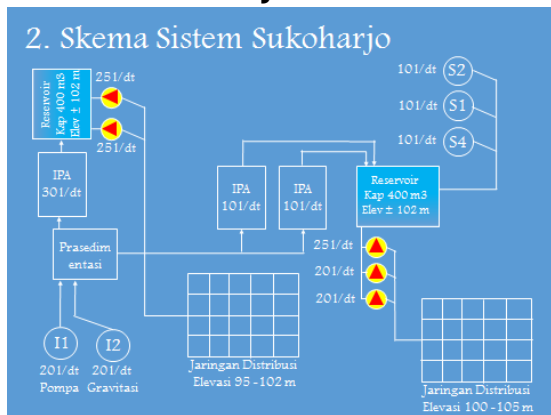

5. Pumps and Pump Piping System Should Be Audited ad Location

Energy Efficiency audit has to be conducted at PDAMs with approximately be performed at some pumps/motors as shown in pump scheme.

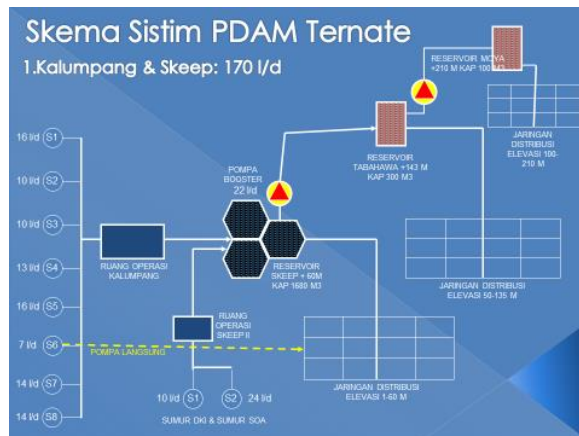

- PDAM Sukoharjo at “Sistem Sukoharjo and Sistem Gatak”
- PDAM Ternate at : Sistem Kalumpang”
- PDAM Sidoarjo

The number of pumps/motors to be audited maybe change, based on actual condition in the field and discussion with related PDAMs management.

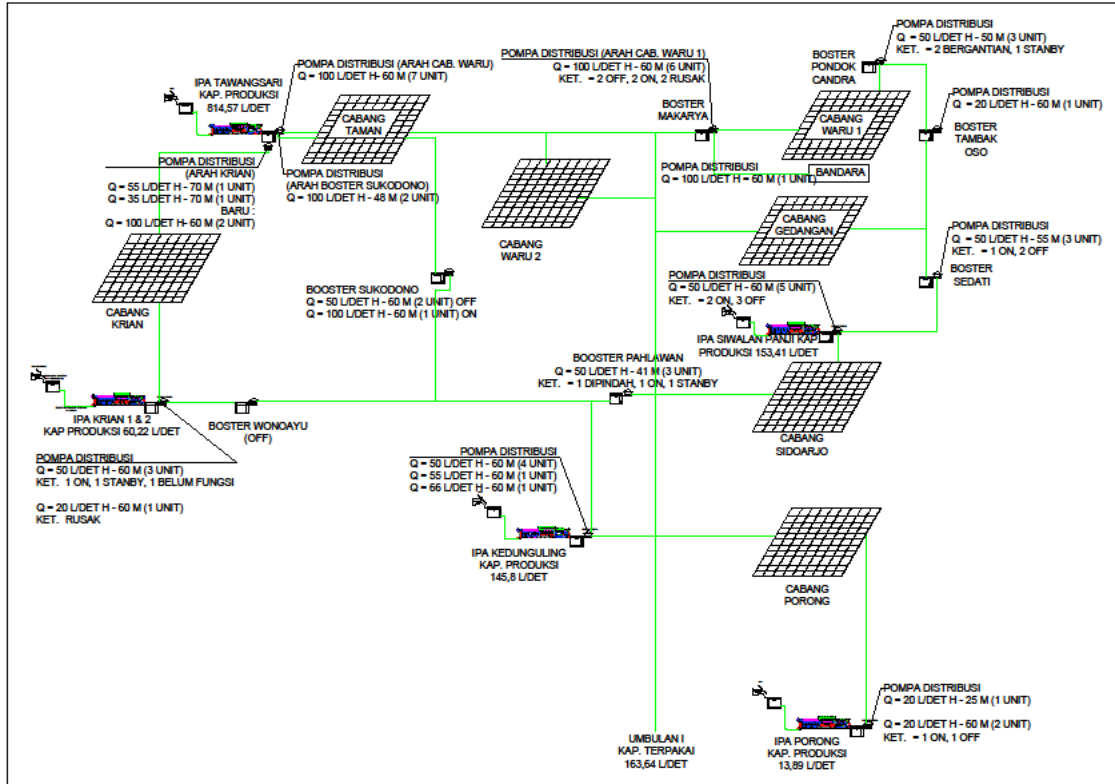

PDAM SUKOHARJO

PDAM TERNATE

PDAM SIDOARJO

6. Specialist and Assistant Required

Estimated specialist and assistant required for this activities are :

- Senior Energy Audit Specialist : 1 person, 5manmonths
- Local field assistant engineer : 1 person – 1 man-month each PDAM

The Senior Energy Audit Specialist should have an S-I bachelors' degree in M&E Engineering, or Sanitary Engineer or related field with minimum 10 years experiences in Mechanical Electrical field especially with pumps.

7. Reporting & working environment

The selected *Service Provider* will report to the USAID IUWASH PLUS National Coordinator Water Supply. The *Service Provider* will working from home and will provide regular update on progress to IUWASH PLUS National Coordinator Water Supply or PDAMs. The USAID IUWASH PLUS team will provide technical and administrative support to the *Service Provider* by arranging all necessary meetings, etc.

8. Implementation Schedule

The schedule of activities is planned as shown at appendix I. The actual schedule will be depend on actual field condition and methodology proposed by the bidder, especially the readiness of field condition to measure Energy Audit. Provider has to anticipate the probability of the schedule

adjustment and may propose a different schedule as provider's estimation. The bidder may propose the schedule comply with their methodology, with a maximum period of 5 months.

9. Deliverables and Payment Schedule

Third Party will be required to produce and submit the following deliverables :

No	Deliverable		Due Date	Payment
1	Workplan	Process, methodology, and plan schedule and annig schedule	First week	20%
3	Initial report	Existing pump systems, secondary data collected, initial field measurement result, job training conducted, initial data analysis include existing energy efficiency, potential energy saving, indication of improvement efficiency energy and reducing energy cost	End of second month	30%
5	Draft Final Report	Completed secondary data collected and secondary field measurement result, calculation of existing energy efficiency, potential energy saving, recommendation for proposal of pump improvement, budget and cost benefit analysis.	End of fourth month	30%
6	Final Report, Template Report	Improvement of Draft Final Report based on discussion and input from PDAM	End of five month	20%

Notes :

Report should be prepared **in Bahasa Indonesia**

- Workplan : 5 copies + 2 CD Soft copies
- Initial report : 5 copies + 2 CD soft copies of each PDAM reports
- Draft final report : 5 copies _ 2 CD soft copies of each PDAM reports
- Final Report : 5 copies + 2CD soft copies of each PDAM reports
- Template report : 5 copies + soft copy 2 CD

10. Budget and Cost Proposal

A budgeted fund for implementation of Audit Efficiency Energy will be provided by USAID IUWASH Plus to the provider selected through competitive tender procedure. The budget estimated for this work is between Rp 190 - 205 million.

The budget will include all cost for manpower, transportation to PDAMs location, transportation and accomodation during field visit, equipment rent, reporting, stationery, communication, computer expenses, discussion/meeting cost and others.

IUWASH Plus will bear all costs materialized to cover USAID IUWASH Plus's team and/or its representative/consultant.

Appendix 2 shows the cost proposal form that can be used by the bidder, and the bidder may adjust it or bidders can customize the cost proposal form in accordance with their proposed methodology.

I 1. Selection of Service Provider and Evaluation Criteria

The service provider will be selected based on open competition. The candidate of service provider has to provide proposal which consist of Technical Proposal (background of the program, Task to be conducted, methodology, schedule), cost proposal and CV.

The proposal will be evaluated based on:

- Qualification 20 %
- Experience 40 %
- Methodology 40 %

I 2. Bid Process

- | | |
|---|--------------|
| - Invitation letter to the bidder | 8 June 2018 |
| - Prebid meeting | 12 June 2018 |
| - Submission of bids | 22 June 2018 |
| - Evaluation bids by IUWASH, determining winner | 25 June 2018 |
| - Negotiation and Clarification | 27 June 2018 |
| - Information the winner | TBD |
| - Contract with the winning bidder | TBD |

I 3. OTHER INFORMATION

- Proposal should be written in **Bahasa on A4 size paper**
- Proposal must be sent no later than 17:00 on [DATE TO BE INSERTED UPON RFP ISSUANCE] In PDF format with the subject "Efficiency Energy Audit at PDAM – Year 2018"[INSERT UPON RFP ISSUANCE]
- Two (2) sets of hard copy in a sealed envelope clearly labeled as "Efficiency Energy Audit at PDAM – Year 2018" must be received no later than 17.00 on on [DATE TO BE INSERTED UPON RFP ISSUANCE] to the following street address:

IUWASH PLUS
Mayapada Tower 1, Lantai 10
Jl Jenderal Sudirman, Kav 28,
Jakarta, 12920, Indonesia
Phone : 62 – 21 522 0540

Note: On the top left on the proposal envelope, please write:

- Name of Candidate Provider
- Full address
- Phone number
- Email address

- No costs incurred by bidders in the preparation of their proposal will be reimbursed.
- All payments will be made in "Rupiah" currency and all project invoices/payments will be denominated in Rupiah.

10.7 Attachment G: Representations and Certifications of Compliance

1. Federal Excluded Parties List - The Bidder Select is not presently debarred, suspended, or determined ineligible for an award of a contract by any Federal agency.
2. Executive Compensation Certification- FAR 52.204-10 requires DAI, as prime contractor of U.S. federal government contracts, to report compensation levels of the five most highly compensated subcontractor executives to the Federal Funding Accountability and Transparency Act Sub-Award Report System (FSRS)
3. Executive Order on Terrorism Financing- The Contractor is reminded that U.S. Executive Orders and U.S. law prohibits transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of the Contractor/Recipient to ensure compliance with these Executive Orders and laws. Recipients may not engage with, or provide resources or support to, individuals and organizations associated with terrorism. No support or resources may be provided to individuals or entities that appear on the Specially Designated Nationals and Blocked persons List maintained by the US Treasury (online at www.SAM.gov) or the United Nations Security Designation List (online at: http://www.un.org/sc/committees/1267/aq_sanctions_list.shtml). This provision must be included in all subcontracts/sub awards issued under this Contract.
4. Trafficking of Persons – The Contractor may not traffic in persons (as defined in the Protocol to Prevent, Suppress, and Punish Trafficking of persons, especially Women and Children, supplementing the UN Convention against Transnational Organized Crime), procure commercial sex, and use forced labor during the period of this award.
5. Certification and Disclosure Regarding Payment to Influence Certain Federal Transactions – The Bidder certifies that it currently is and will remain in compliance with FAR 52.203-11, Certification and Disclosure Regarding Payment to Influence Certain Federal Transactions.
6. Organizational Conflict of Interest – The Bidder certifies that will comply FAR Part 9.5, Organizational Conflict of Interest.
