INSTRUCTIONS FOR OBTAINING A DUNS NUMBER

Note: There is a Mandatory Requirement for your Organization to Provide a DUNS number to DAI

I. SUBCONTRACTS/PURCHASE ORDERS: All domestic and foreign organizations which receive first-tier subcontracts/ purchase orders with a value of \$25,000 and above are required to obtain a DUNS number prior to signing of the agreement. *Your organization is exempt from this requirement if the gross income received from all sources in the previous tax year was under \$300,000. Please see the self-certification form attached.*

II. MONETARY GRANTS: All foreign entities receiving first-tier monetary grants (standard, simplified and FOGs) with a value equal to or over \$25,000 and performing work outside the U.S. must obtain a DUNS number prior to signing of the grant. All U.S. organizations who are recipients of first-tier monetary grants of any value are required to obtain a DUNS number; the exemption for under \$25,000 applies to foreign organizations only.

NO SUBCONTRACTS/POs (\$25,000 + above) or MONETARY GRANTS WILL BE SIGNED BY DAI WITHOUT PRIOR RECEIPT OF A DUNS NUMBER.

Note: The determination of a successful offeror/applicant resulting from this RFP/RFQ/RFA is contingent upon the winner providing a DUNS number to DAI. Organizations who fail to provide a DUNS number will not receive an award and DAI will select an alternate vendor/subcontractor/grantee.

Background:

Summary of Current U.S. Government Requirements- DUNS and Reporting in FSRS Database

The Data Universal Numbering System (DUNS) is a system developed and managed by Dun and Bradstreet that assigns a unique nine-digit identifier to a business entity. It is a common standard world-wide and users include the U.S. Government, European Commission and the United Nations. The DUNS number will be used to better identify related organizations that are receiving U.S. federal funding, and to provide consistent name and address data for electronic application systems.

The U.S. Government requires that all applicants for first-tier monetary grants (i) and all first-tier subcontracts/purchase orders of \$25,000 or above have a DUNS number prior to DAI issuing an award to that entity.

REQUIREMENT FOR DAI TO REPORT DATA IN THE FSRS DATABASE:

In addition, in accordance with the Federal Funding Accountability and Transparency Act of 2008; FAR 52.204-10, "*Reporting Executive Compensation and First-Tier Subcontract Awards*" (Revised July 2010); and Subpart 4.14—"*Reporting Executive Compensation and First-Tier Subcontract Awards*," effective March 1, 2011, DAI is required to report any newly awarded first-tier subcontracts \$25,000 or above in the FSRS (Functional Security Requirements Specifications) database at <http://www.fsrs.gov>.

In accordance with AAPD 11-01 amended, all foreign entities receiving first-tier monetary grants (standard, simplified and FOGs) with a value equal to or over \$25,000 and performing work outside the U.S. must obtain a DUNS number prior to signing of the grant. All U.S. organizations who are recipients of first-tier monetary grants of any value are required to obtain a DUNS number; the exemption for under \$25,000 applies to foreign organizations only. In accordance with the AAPD as well as 2 CFR Parts 25 and 170, DAI is required to report on grantees in the FSRS database. The reported information for subcontracts and grants will be available for the public to view at <http://usaspending.gov>.

Instructions detailing the process to be followed in order to obtain a DUNS number for your organization begin on the next page.

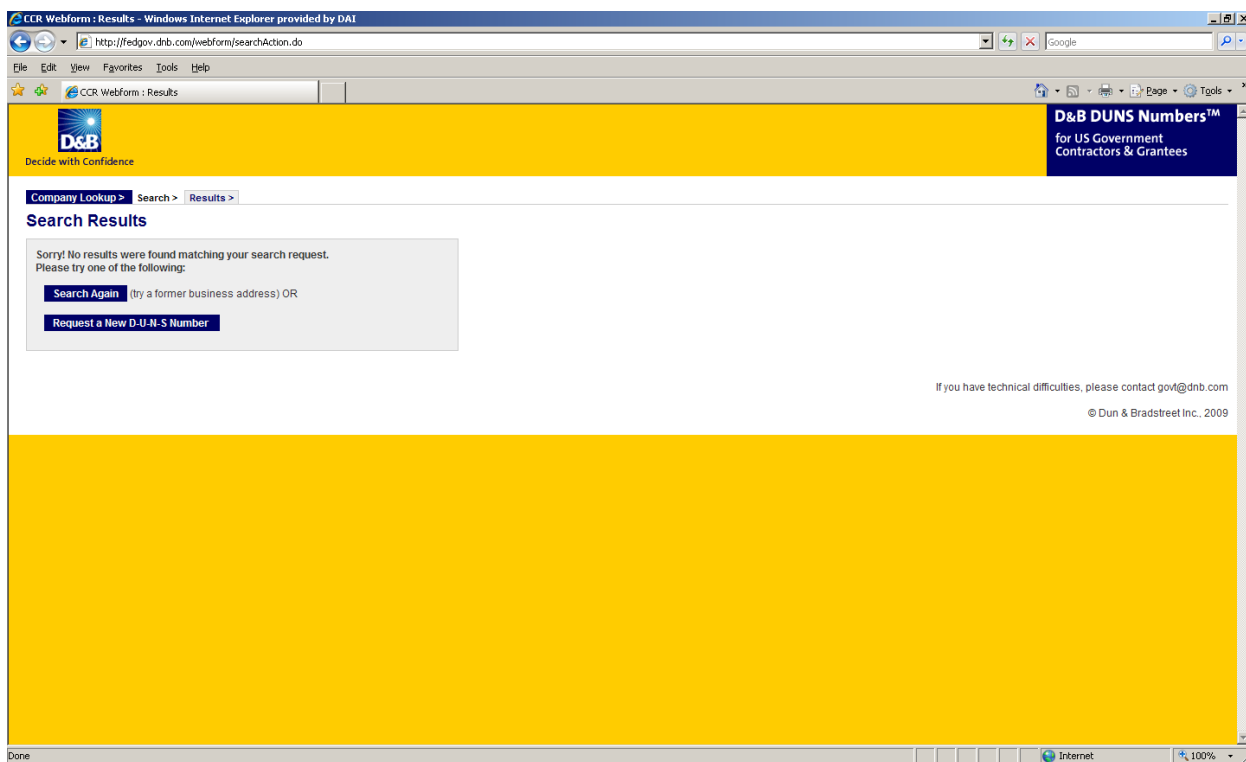

THE PROCESS FOR OBTAINING A DUNS NUMBER IS OUTLINED BELOW:

1. Log on to the D&B (Dun & Bradstreet) DUNS registration website to begin the process of obtaining a DUNS number free of charge.

<http://fedgov.dnb.com/webform/index.jsp>

Please note there is a bar on the left for Frequently Asked Questions as well as emails and telephone numbers for persons at Dun & Bradstreet for you to contact if you have any questions or difficulties completing the application on-line. DAI is not authorized to complete the application on your organization's behalf; the required data must be entered by an authorized official of your organization.

2. Select the Country where your company is physically located.
3. You will first be asked to search the existing DUNS database to see whether a DUNS number already exists for your organization/entity. Subcontractors/grantees who already have a DUNS number may verify/update their DUNS records.
4. Potential DAI subcontractors/vendors/grantees who do not already have a DUNS number will be shown the screen below. To request a new DUNS Number, the "Request a New D-U-N-S Number" button needs to be selected.

5. Enter the information regarding your organization listed on the next three screens. (See screen shots below.) Make sure you have the following information available (in English) prior to beginning the process of entering this section in order to ensure successful registration.

- Legal Business Name (commas are allowed, periods are not allowed)
- Address
- Phone
- Name of Owner/Executive
- Total Number of Employees
- Annual Sales or Revenue (US Dollar equivalent)
- Description of Operations

6. Note that some fields are Optional, however all other fields must be completed to proceed further with the application process. For example, all applicants must complete the Organization Information sections. The Company Name and Physical Address fields are self-populated based on information previously entered during the initial DUNS search. The question marks to the left of the field provide additional information when you click on them.

The screenshot shows a web browser window titled "CCR Webform: New Duns Number Request...". The page header includes the D&B logo and the text "Decide with Confidence". A search bar contains "Enter Your Company Information". The main heading is "Request for New D-U-N-S Number". Below this, there is a note: "Any affiliated companies at the same address, will not be affected. If there are affiliated companies at the same address, please specify in the Notes section." and a sub-heading: "Complete the information below to obtain a new D-U-N-S Number for your company's physical location." A note states: "Note: All fields are required unless otherwise indicated." The form is divided into sections: "Company Name" with fields for Legal Name (DNB TEST, INC), Legal Structure (Proprietorship), Tradestyle Name 1 (optional), Tradestyle Name 2, Tradestyle Name 3, and Phone Number of Business (20-555-1212). "Physical Address" fields include Street (100 Jalan Abdul Rahman), City (Kebul), State, Zip Code + 4/Postal Code, and Country (AFGHANISTAN). A "Mailing Address (optional)" section has a checkbox for "Same as Physical Address" and fields for Street/ P.O. Box and City.

7. You must select the legal structure of your organization from the pull down menu. To assist you in selecting the appropriate structure that best represents your organization, a brief description of the various types follows:

- **Corporation** – A firm that meets certain legal requirements to be chartered by the state/province in which it is headquartered by the filing of articles of incorporation. A

corporation is considered by law to be an entity separate and distinct from its owners. It can be taxed; it can be sued; it can enter into contractual agreements.

- **Government** - central, province/state, district, municipal and other U.S. or local government entities. Includes universities, schools and vocational centers owned and operated by the government.
- **Limited Liability Company (LLC)** - This is a type of business ownership combining several features of corporation and partnership structures. It is designed to provide the limited liability features of a corporation and the tax efficiencies and operational flexibility of a partnership. Its owners have limited personal liability for the LLC's debts and obligations, similar to the status of shareholders in a corporation. If your firm is an LLC, this will be noted on the organizations registration and licensing documents.
- **Non-profit** - An entity which exists for charitable reasons and is not conducted or maintained for the purpose of making a profit. Any money earned must be retained by the organization, and used for its own expenses, operations, and programs. Most organizations which are registered in the host country as a non-governmental organization (NGO) rather than as a commercial business are anon-profit entities.

Community based organizations, trade associations, community development councils, and similar entities which are not organized as a profit making organization should select this status, even if your organization is not registered formally in country as an NGO.

- **Partnership**- a legal form of operation in which two or more individuals carry on a continuing business for profit as co-owners. The profits and losses are shared proportionally.
 - **Proprietorship**-These firms are owned by one person, usually the individual who has day-to-day responsibility for running the business. Sole proprietors own all the assets of the business and the profits generated by it.
8. One of the most important fields that must be filled in is the Primary SIC code field. (See screen shot below.) The Primary Standard Industrial Code classifies the business' most relevant industry and function.
